

Optimization as a Service (OPTaaS®)

Largest EAF Optimization Expertise Group

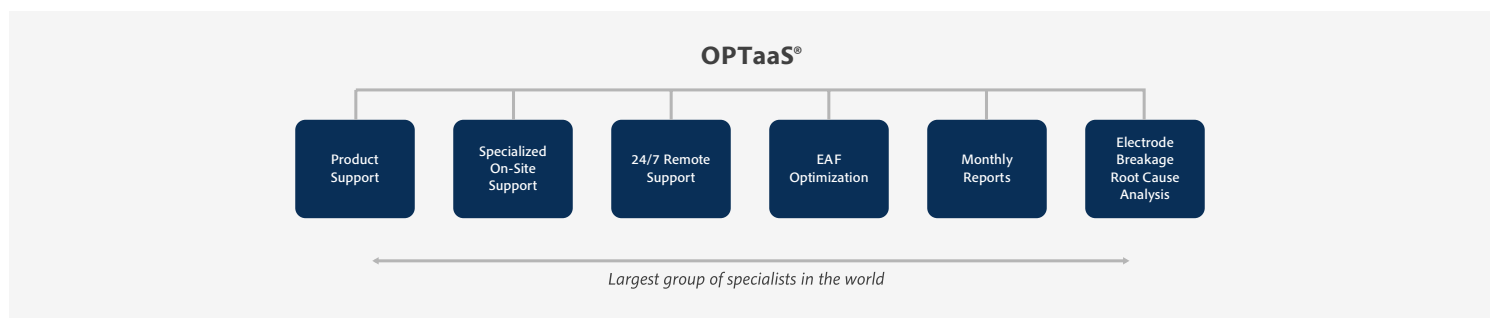

AMI Automation, a Resonac Company, is a global leader in automation and control solutions. We specialize in designing, manufacturing, and implementing innovative technologies to enhance process safety and efficiency across industries such as steel, mining, cement, pulp & paper, and power generation.

OPTaaS®

Optimization as a Service (OPTaaS®) provides comprehensive, ongoing EAF optimization support, leveraging the expertise of over 70 AMI specialists dedicated to ensuring stable, efficient, and high-performance furnace operations. This subscription includes continuous remote monitoring by AMITech Center (ATC) remote support team, providing 24/7 assistance and proactive oversight of critical EAF process conditions with timely notifications to address abnormalities before they escalate. The service features visits on site, ensuring hands-on, tailored adjustments aligned with each facility's needs. OPTaaS® also offers structured training programs, including two annual on-site sessions and ongoing sessions for new engineers or additional needs, covering process improvement, operator skill development, and maintenance best practices.

Additionally, customers receive detailed monthly performance reports and electrode breakage reports with in-depth analysis, providing clear visibility into system performance, operational trends, and actionable recommendations to support continuous improvement. Regular system management with periodic backups of power programs and regulator configurations ensures operational continuity, while ongoing communication with AMI key personnel and webinars on products, processes, and best practices keep teams updated with the latest advancements in EAF optimization.

- ▶ 24/7 remote support
- ▶ Fastest response
- ▶ Onsite service
- ▶ Personalized dedicated team
- ▶ Co-creation
- ▶ Predictive analytics/failure
- ▶ Continuous process improvement
- ▶ Biweekly meetings
- ▶ Largest group of EAFs specialist in the world
- ▶ Personalized customer contact
